

DEGREE WORKS: THE AUDITS

Ryan Garrity and Shawn Ryder
REGISTRAR'S OFFICE 110 Gibson Hall

Degree Works at a Glance

Degree Works is a degree audit software that uses dynamic logic to evaluate what degree requirements a student has completed and what is still needed.

The Audit

The audit is comprised of the **header** and various **blocks** that make up the student's degree requirements.

The Header

Student View as of 02/22/2018 at 10:58			
Student		Level	Undergraduate
ID		Degree	Bachelor of Arts
Classification	Senior	College	Liberal Arts School
Advisor	Shaffer, Myron M	Majors	English Political Science
Cumulative GPA	3.693	Minor	
Graduation Application	Applied	Sport	
Graduation Application Term	201810		

Degree Progress

Note: This is an estimation of your degree progress, which is based on the number of boxes checked below.

At the very top of the audit is the **header**. Here relevant student data appears. Included is a degree progress bar. The bar is a visual representation of how many requirements the student has met/will meet with their in-progress courses.

The Blocks

For each degree a student pursues, they will see the following **blocks**: Degree, Newcomb-Tulane Core Curriculum, School Requirements, Major(s), and Minor (if applicable).

The **Degree Block** drives the audit. It will only be complete if a student has completed all the requirements for the degree, including core, school, and major requirements. Credit, residency, and any cross block requirements (for example, the Freeman GPA are found in this block).

If you have two majors, a minimum of 18 unique classes are required between the two majors. If you have three majors, a minimum of 27 unique classes are required between the three majors. You must consult with your faculty advisor to verify major requirements.					

At the bottom of the audit, courses that do not apply to specific requirements are collected. Courses counting towards the student's degree that do not apply to a specific requirement appear in "Other Courses Applying to Degree." Courses that are insufficient, illegally repeated, or incomplete will appear in "Withdrawn, Failed, & Repeated Courses." Excluded courses (for example, if a student exceeds 9 credits of non-NTC classes or CDMA in the business school) will fall to "Courses Not Applying to Degree."
